

DCS working round-the-clock against the Coronavirus

The Department of Correctional Services (DCS) is taking every precaution to safeguard inmates against the coronavirus.

To date, no positive coronavirus case has been reported in any correctional facility across the country.

With the top leadership of the Department, led by National Commissioner Arthur Fraser, convening 7-days-a-week, and the DCS National Operations Centre (NOC) at Head Office now contactable 24-hours-a-day, management at all levels is leaving nothing to chance.

DCS is working round-the-clock with all stakeholders to manage any challenges.

**The DCS NOC may be contacted 24-hours on
(012) 307 2217 to report any DCS-related
coronavirus issue.**
